

SCAN, SAVE AND SHARE

A Bluetooth enabled scanner pen and digital highlighter with embedded character recognition.

C-Pen Connect is a convenient Bluetooth enabled text scanner compatible with computers, tablets, and mobile phones. Scan text directly into any 3rd party app or to the Connect apps to efficiently process notes and quotes. Share your text files between your devices or collaborate with friends and colleagues.

With a Connect Cloud account text files are automatically shared between your devices and can easily be shared for collaboration purposes. Connect apps supports text reading and text files to be read out aloud.

C-Pen Connect features

- Bluetooth connectivity.
- 10+ scan languages.
- Connect app & Connect Cloud compatibility.
- Reads text out aloud in English, Spanish and French.
- Scans text to multiple hosts (computer, tablets, mobiles).
- Compatible with Windows, Mac OSX, Android, and iOS.
- Rechargeable battery.

Scanning pens are essentially digital highlighter or mark-up pens. But takes you one step further. A scanning pen digitizes the printed information and allows it to be processed further which makes it possible to use for multiple purposes. The ones important to us are productivity and learning.
